

Graduate Program in

Cancer and Cell Biology

EXCEPTIONAL TRAINING in 40+ NIH/HHMI Funded Laboratories at the University of Cincinnati College of Medicine and Cincinnati Children's Hospital

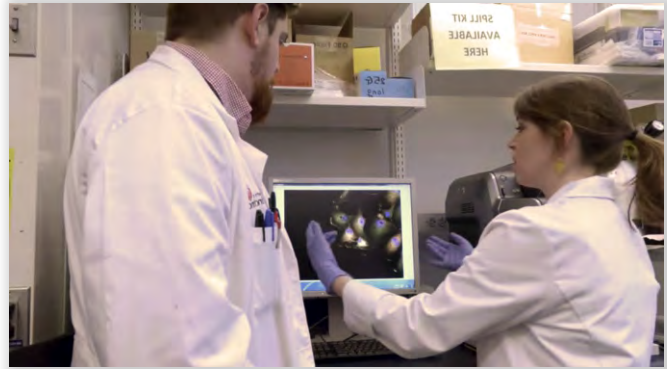

TOP RANKED Research Medical School and Children's Hospital

OUTSTANDING TRACK RECORD of Student Mentoring, Career Advancement and Prestigious Fellowships

FULL FINANCIAL SUPPORT including \$29,000 Stipend, Tuition Waiver and Health Insurance

"In my opinion, the greatest aspect of the program is the freedom to delve into a variety of personal and professional advancement opportunities. From leadership and volunteer opportunities within the UC and the greater community, scheduled industry networking days, the Preparing Future Faculty program, and numerous others, students have enormous opportunities to prepare for whichever future career interests them." ~ Kara Finley
