**OPHTHALMOLOGY**

---

#	12 01 03
TITLE	<u>PEDIATRIC OPHTHALMOLOGY</u>
	The student will devote time to a variety of clinical and basic science ophthalmology endeavors. Most of the time will be spent seeing outpatients with pediatric ophthalmology faculty with some time spent seeing inpatient consultations and surgical cases. Approximately 10% of the time is spent in ophthalmology lectures and conferences. The student is encouraged, but not required, to choose a research topic to explore and present to Dr. Motley during the rotation. Independent study/research may be included in the rotation.
