(Medical Student Summer Research Program Fellows)

---

# Medical Student Summer Research Fellowships 2018

A program designed to provide salary support for medical students between the 1st and 2nd year to spend 9-10 weeks in pursuit of basic science, patient-oriented, epidemiologic or outcomes research under the mentorship of University of Cincinnati and Cincinnati Children’s Hospital Medical Center Faculty.

**Program Director**
James E. Heubi, MD  
Director, Center for Clinical and Translational Science and Training  
Telephone: 513-636-8046  
Fax: 513-803-1039  
[James.heubi@cchmc.org](mailto:James.heubi@cchmc.org)

**Associate Director**  
Yana Zavros, PhD  
Department of Pharmacology and Systems Physiology  
University of Cincinnati  
Telephone: 513-558-2421

Mission
The College of Medicine and NIH sponsors (through a mentored medical student research program) a program for students after the 1st year of medical school in an effort to provide early exposure to research as a potential career for physicians. The program is designed to expose students to the methods and techniques utilized in biomedical research. The long term goal is to encourage medical students and young physicians to pursue careers in biomedical research.

How Can You Participate?
Interested students choose a mentor and research project based upon their particular interests. Preference is given to projects related to digestive disease, nutrition, diabetes, and kidney disease. Contact with potential mentors is encouraged during December or January. To apply, the student (with the help of his/her proposed mentor) submits a research proposal describing the specific project.

Deadline for submission of proposals:
Friday, February 16, 2018.

Final applicants will be notified by:
Friday, March 23, 2018.

Proposals are reviewed by the Medical Student Research Committee of the COM and up to 20 students can be funded with salary support up to $5,961 for 9-10 weeks with $500 support for supplies.

A list of mentors and previous students can be found in this brochure. For additional information regarding the program including application guidelines, previous students, their projects and mentors, and their research focuses.

2018 Fall Symposium & Awards Banquet
(Medical Student Summer Research Program Fellows)
Friday, October 19, 2018

The poster presentation is accompanied by a guest lecture given by a nationally renowned physician-scientist. Program participants have an opportunity to meet with this individual informally to discuss science, career decisions, etc. The program concludes with a banquet at which the winning presentations are announced and prizes are awarded.

The top two posters are selected to represent the College at the National Student Research Forum in Galveston, TX in April, 2018.

Congratulations to 1st Place 2017 MSSRP Winners – Max Eujin Yeo & Michael Arnold

MSSRP 2017 Fall Poster Session

Chalita Washington presenting her poster to Bill Brinkman

Poster winners: Margaret Cinibulk, Cody Woodhouse, Vincent Huang, Michael Arnold & Max Eujin Yeo with Yana Zavros

Missing: Ashley French
