The Informatics Lab is a new space in the Health Sciences Library designed for innovative and collaborative hands-on learning experiences and discussions. It is a place for UC researchers and graduate students to connect, collaborate, and receive research support services. Open to reserve from 9AM – 5PM, the Informatics Lab provides students and faculty at the Academic Health Center with software programs (listed below) and equipment not available in the normal computer lab.

The room includes:

- iMac
- Windows PC
- Four whiteboard tables (can be set up for a large group meeting or used individually)
- Two standing whiteboards
- Wall-mounted whiteboard
- AirMedia unit for wireless presentation.

Policies and Guidelines

Reservation/Use

- To reserve this room, contact us at informaticslab@uc.edu. Let us know if you need the whole space, the iMac, or the Windows PC and the requested time. A web form will be available in the future for reservations.
- Informatics Lab is open to the UC students, faculty, and staff. The highest priority is given to UC AHC faculty, staff, and graduate students.
- Due to the unique and specialized equipment available in the Informatics Lab, recurring and repetitive reservations are limited so it may serve a wide range of groups within the AHC.
- A minimum group of three individuals is required to reserve the entire room. Individuals can reserve the computers.
- Faculty, staff, or graduate students may reserve the room for two hours at a time. It is possible to reserve two, two-hour timeslots for longer projects or meetings.
- *If this room is not used within 20 minutes of the scheduled reservation start-time, it is considered vacant and will be available to others on a first-come, first-serve basis.*
- Based on interest and use, we plan to expand this space with more equipment and programs.

Hours: Mon.-Fri. 9 AM - 5 PM

Food and Drink: Items for personal consumption (e.g. drinks or snacks) are allowed, but formal, catered events are not permitted.
