“It may be sappy, but the thing I’ll miss the most about being here is the people. That, and Kings Island. One of the best experiences was during a busy VA MICU when we decided to do a Mediterranean food group take-out in the conference room—relaxing with co-workers can make a tough rotation become incredible.” —Stacey Elangovan

“How about sneaking in 9 holes after a full day of taking care of patients with Danny Peters—and playing the last 3 holes in the dark!” —Michael Northcutt

“I had a lot of fun going down to the Kentucky Derby, raiding the candy bowl, Olympic Bowling, and killing the second round of nights.” —Danny Peters

“My favorite aspect has been everybody else. I am SO thankful to have been surrounded by such wonderful, supporting seniors and amazingly fun and uplifting co-interns.” —Rita Schlanger

“I love intern year because of my co-interns. I had a blast roadtripping to Nashville and the KY Derby with Danny and Michael Northcutt. I enjoyed Glenn’s BBQ events—He is a master chef. I enjoyed post-call brunches with Barbie and Jillian and their million selfies—I will definitely miss the prelims.” —Sarma

“I’m really going to miss the people. This has been the best group of people I could have ever hoped to work with and I’m going to miss everyone so much.” —Megan Flanigan

UC Interns share some favorite moments from this past year.
One of my favorite months was in the CVICU with Caroline Lee, Sulsal, and Ishveena. It was busy and we learned a lot, but we laughed more that month than almost any other time. We even had a team mascot—Ticagrelor the Dinosaur. —Courtney Ohlinger

My favorite moments were having my son Parker and matching for an Allergy Fellowship. I enjoyed getting to know my fellow residents and I will miss them next year! —Megan Goebel

Most memorable is when Nickolai chased my demented patient across MLK during night float, retrieving him and bringing him back to his bed.—Minesh

What I loved most was the people! Times spent on long/calls nights were amazing as our class grew together. A favorite moment was during Winter Olympics when we ran around trying to win some friendly scavenger hunt competition. I probably took pictures of 50 wrong things before it all paid off with the answer! —Richa Patel

I will miss working with all these wonderful people. And the VA Breakfast.—Jeff Hausfeld

I found the attendings to be awesome teachers and I will miss many of them especially Dr Mueller, Burrows, Mathis, Reif, Thangarasu, Arif, Hebbeler-Clark, and many others. The relationships between the residents and trust in each other make UC a great place to train and I will miss that a lot. On a side note, I didnt expect to become such a big Reds fan! Go Reds! —Dave Bailey

Our graduating residents share some sweetness before heading off to new endeavors.
“Many thanks to all of the co-residents, especially my Med-Peds classmates for their friendship, camaraderie, and support.” — Lindsay Young

“I most enjoyed spending the moments of down time with everyone in the lounge. I know that was cheesy and I don’t care.” — Li’ Rowley

“Getting stuck on the MSB elevators for 45 minutes and the workers tell us they’ll have us right out, but hearing them whisper to each other that they had no idea what was going on.” — Cory Lucas

“Laughing with colleagues in the lounge on nightfloat or in the VA workroom when something ridiculous happens. Moments like that, you know that you are with the only people who would ever believe you or understand when talk about what it’s like to do what we do. I will always cherish the time when I worked so hard with such a large group towards our common goals. Thank you everyone!” — Elizabeth Lally

Tim Williams Top 5:

5) Seeing the younger residents go from interns to independent seniors
4) Dr Mathis keeping me from getting into or getting me out of trouble.
3) Moving into Steve’s Weight Room
2) Getting together for back yard cook outs
1) I could never decide if I was “going to work” or “meeting up with my friends”
Here’s where our wonderful R3s are headed next year! We wish them the best and will b great things from them!

Things To Do Before you Graduate:

1) Find the Scrub Window: “I swear that place randomly shows up like Narnia—you can’t find it twice.” —Dana Sall.

2) Picnic on the Helipad: “You can manage your way up there, but a real pro would barter their way for a ride.” —Michael Hellmann.

3) Geocache Successfully: “I swear this game is made up by people who want to watch me fail terribly.” —Steve Gay

4) Talk your way out of a VA Parking Ticket: “Cop let me off with a warning, said no one ever.” —Scott Carlson

5) Order a STAT Massage Consult on Yourself: “Happens at Children’s all the time, what’s the problem?” - Matt Kelleher

SHOUT OUTS!!! (Let us know who Rocks)

-Shout out to Javier Baez for the champagne tap!
-Shout out to Arek Manugian for going out of his way to cover sick days.
-Hoo-Rah for the New Chiefs who take over the floors Monday for blazing the way with the Residency 3.1 initiatives.
-A heartfelt thanks to Joan Strittholt, Liz Bauke, Bonnie Cartaya, Annie Olsieski, Stephanie Ambach, and Maximilian Huprich for keeping a rowdy bunch of chiefs in line, and to Eric Warm for making it all happen!

We want to thank everyone for all of the hard work, blood, sweat, and tears you put into this past year to make it such a great success. We couldn’t be more excited for the people, plans, and projects in the Internal Medicine pipeline. It has been a privilege to work alongside you. Thank You! —The Chiefs
