R2 Retreat
Subspecialty Improvements: Now LIVE!

Previously, Hem/Onc, Renal, and GI Ward services were unable to admit patients from 4-8pm on one of every four call days. The following changes have occurred in order to improve patient safety and quality of care. Subspecialty seniors will now admit and cross-cover for their primary team, as well as one additional subspecialty team when on call (4-8pm) every fourth day as detailed here. Check in with the Chiefs for any questions!

NMT Restructuring

The board has been updated! As of 6/30/17, Night Medicine Teams A/B/C will be active and admitting overnight. The division of cross-covering teams has changed as well, so keep an eye out!
Reminder: When To Call An Attending

The following are absolute indications to call your attending (or the primary attending for the patient if you are cross-covering). These calls should occur immediately and not be delayed for anything other than patient care.

- At the end of EVERY SINGLE DAY—if the senior is off, the intern will be in contact with the attending
- If you are the cross-covering senior and you admit a patient to another subspecialty without an intern
- Change in status of a patient (i.e. floor -> MSD -> ICU)
- Code status change if not previously discussed
- Patient leaving AMA
- Death of a patient
- Anytime you have questions or concerns

Call me, or call me not; There is no maybe!

Welcome the new interns! They are everywhere—running the VA MICU, cross-covering at night, and taking long call like a boss! Prior to their official start date, they enjoyed the sunshine at our annual picnic!

Welcome!
HOW TO: Consult Inpatient Addiction Sciences

1. Enter the order in Epic (search for addiction, dependency, or substance use)
2. Add to daily progress note .addiction and complete the questions
3. Page consult team at 10638 (or ask the operator)

Congrats to all the R2s who have stepped up into new leadership roles! We are so excited for all that you have accomplished, and can’t wait to see what you do next!
Weekend to-do!

Friday: Paradise on the Point, 4-11 p.m. Friday, 1-11 p.m. Saturday, Sawyer Point, Pete Rose Way, Downtown. Celebrating Cincinnati’s blossoming music & beer industries. Event admission is free, but cost for food and beer will vary. www.paradiseonthepoint.com.

SHOUT OUTS!!!

- To the R1s that spoke up during MGR last Wednesday—we love hearing your thoughts, keep it up!
- To Betsy Larder, Matt Lambert, Elyse Harris, and Leila Borders for stepping up when you’re needed most!
- To Michael Jerkins for keeping such a positive attitude while on a difficult rotation!
- To the AOD formerly known as B Mizzle—thanks for hunting for lost new interns!
- To Don Quimby, Marc Guerini, Geoff Motz, Amar Doshi, and other R2s who stepped up and covered for R2 retreat.
- To Patricio Alzamora for keeping his PCP up to date.
- To Sarma Singam for making it to the intern picnic! You’ll rock fellowship!
- To Tim Reed for planning an awesome intern orientation!
- To Sarah Weiskittel for personally relocating a sick patient to ensure great care!
- To the graduating R3/R4s who will be leaving us this week. The place won’t be the same without you!
- To Parm Mavi for handling VA nights with such grace!
- To Stephen Evans for being the first to contribute to the Attending Candy Fund this year! The residents appreciate it!

TRIVIA

The following is seen on a urinalysis. What is the diagnosis and first line treatment?

First correct answer wins a $5 Starbucks gift card! Reply via email!

Many of you identified Kayser–Fleischer rings in Wilson disease, but Nikki Levin did so in record time—under two minutes! I’ve learned my lesson and will make next week’s question more challenging!
