Mary Mahoney joins ACR Board
Mary Mahoney, MD, FACR has been appointed to the Board of Chancellors of the American College of Radiology.

Faculty Activities
Bruce Mahoney, MD has been named Chair of the Radiology Safety Committee.

J. Mike Hazenfelder, MD has been appointed Medical Director of Radiology at Women’s Cranberry Hospital.

Thomas Shaineholz, MD has been named to the UC Institutional Review Board, conduction radiation safety reviews.

Morales Promoted
Alden Recognized

Morales, MD has been promoted to Associate Professor of Radiology at West Chester Hospital.

Thomas Eluvathingal, MD

and Professor of Radiology, has been named Chair of the Radiation Safety Committee.

Bruce Mahoney, MD

has been appointed Medical Director of the Radiation Safety Committee.

New Chief Residents
The UC Radiology Department congratulates Michael Jordan, MD and Casey Reed, MD on being selected as UC's Chief Residents for 2017-18.

Humberto Morales, MD

has been named Chair of the Radiation Safety Committee.

Anne Brown, MD

has been appointed Medical Director of the Radiation Safety Committee.

Brian Coley, MD

and Professor of Radiology.

Mary Mahoney, MD

has been named Chair of the Medical Education Dinner, April 27, 2017.

Mary Mahoney, MD

has been promoted to Associate Professor.

Mary Mahoney, MD

has been named Chair of the Radiology Safety Committee.

at the Medical Education Dinner, April 27, 2017.

New Chief Residents
The new Chief Residents are Ryan Sieve, MD and Sammy Yacob, DO.

High School Student STEM Students Visit Department
Hughes High School STEM students visit Department
In March 2017, STEM students from Hughes High School in Cincinnati visited the UC Medical Center Department. STEM is a curriculum based on the idea of educating students in four specific disciplines—Science, Technology, Engineering, and Mathematics—in an interdisciplinary and applied approach. One of its goals is to improve the competitiveness of the education system and students in these areas, using hands-on approach to learning.
The STEM students from Hughes High School were hosted by Radiology Technicians Jeremy Licenko, Matty Strohs, and Emily Dougherty, who gave a PowerPoint presentation on the various radiology specialties and conducted a tour of X-Ray, CT, and Nuclear Medicine areas so that they had the chance to really experience the department. Some of the students were lucky enough to take a ride on the CT or an MRI. The tour, try some heavy lead aprons, or even push a heavy lead machine.

Mary Mahoney, RN, BScN
Academic Dean, Head of the Department of Radiologic Sciences, University of Cincinnati, Cincinnati, Ohio 45267

Rebecca Cornelius, MD
President elect of the American Society of Head and Neck Radiology (ASNR), and has played an instrumental role in the mission of the society to be held in Las Vegas in Sept.
Chair of the neuroradiology section of the American Board of Radiology now online assessment, MOC.
Just completed 2 seminars as chair of the neuroradiologic section of the American College of Radiology (ACR) Appropriateness Criteria Committee.
ASNRCon, the Specialty/regional Section Committees of the American Society of Neuroradiology (ASNR)
Member of the ACR Neuroradiology Committee.

New Residents, Fellows
New Faculty

There is something wonderfully exciting about the start of a new academic year. We welcomed our new faculty fellows, residents, and medical students early in July—fresh, excited, and full of possibilities. And as autumn begins this new year, it’s a good time to reflect on our faculty and staff for the extraordinary work they do in creating an environment for teaching, learning, research, and clinical excellence.
As you will see in the following pages, our faculty have enthusiastically met and offered well beyond our needs, and are contributing throughout the department. Together we make this a great place to learn, and we thank each of you for your dedication to our department.

If everyone is moving forward together, then success takes care of itself.

New Faculty
The new faculty of the year are:
• Serves on the ACR Performance Task Force
• Director, Neuroradiology Instructional course, ARRS
• Panel Chair and Editorial Board member, Radiographics, Neuroradiology, and Neuroradiology Section
• Director, Neuroradiology Instructional course, ARRS
• Member of the ACR Board of Directors
• ACR Board of Governors
• ACR Board of Chancellors
• Chair, URMC Community Research Board

Class of 2017 Recognized

A banquet recognizing the 2017 UC Radiology Residents and Fellows was held at the Contemporary Arts Center on June 1, 2017. About 160 residents, fellows and faculty, and their families, were in attendance to recognize the accomplishments of our graduating class.

Meet the New Residents and Fellows

The new residents, whom completed medical residency training in June, include the following new leadership positions.

Vogl in Women’s Leadership Programs

Emilia Bonati, MD
Northwestern University’s Feinberg School of Medicine
Internal Medicine, Northwestern Medicine, Chicago

Charles Youngquist, MD
University of Cincinnati College of Medicine
Internal Medicine, University of Cincinnati Medical Center, Chicago

Juliana Tobler, MD
University of Cincinnati College of Medicine
Internal Medicine, University of Cincinnati Medical Center, Chicago

Eric Diaz, MD
Duke University Medical Center
residents:

Breath of fresh air – a new opportunity to meet the residents of the CT and MR divisions.

Welcome New Faculty

Jason Broomhall, MD
Island University Hospital
Breast Imaging Fellowship, University of Cincinnati Medical Center, Chicago

Tamir Shujaat, MD
Ohio Health
Breast Imaging Fellowship, UCMC

He was a 2016-7 UC Radiology MSK Fellow.

New Fellows

Breast Imaging Fellowship, University of Cincinnati Medical Center

Resident Research Award

Kathleen Hafner, MD
University of Cincinnati College of Medicine
Gastroenterology, University of Cincinnati Medical Center

Lazaro Nalluri, MD
University of Cincinnati College of Medicine
Gastroenterology, University of Cincinnati Medical Center

Katharina Guehl, MD
University of Cincinnati College of Medicine
Gastroenterology, University of Cincinnati Medical Center

Anna Forgione, MD
University of Cincinnati College of Medicine
Gastroenterology, University of Cincinnati Medical Center

Rana Daud, MD
Northwestern University’s Feinberg School of Medicine
Internal Medicine, Northwestern Medicine, Chicago

Michael Harris, MD
Georgetown University
Neuroradiology, University of Cincinnati Medical Center

Maurice Almquist, MD
University of Cincinnati College of Medicine
Gastroenterology, University of Cincinnati Medical Center

Rana Daud, MD
Northwestern University’s Feinberg School of Medicine
Internal Medicine, Northwestern Medicine, Chicago

David Lang, MD
University of Cincinnati College of Medicine
Neuroradiology, University of Cincinnati Medical Center

Jeff Youngquist, MD
University of Cincinnati College of Medicine
Neurology, University of Cincinnati Medical Center

Rana Daud, MD
Northwestern University’s Feinberg School of Medicine
Internal Medicine, Northwestern Medicine, Chicago

100 residents, fellows and faculty, and their families, were in attendance to recognize the accomplishments of our graduating class.

Gastroenterology Fellowship, Mayo Clinic, Rochester, Minnesota

Vascular & Interventional Radiology, University Hospitals, Cleveland, Ohio

New Chief Residents

The following chief residents have been designated:

Hugh High School STEM Students Visit Department

In March 2017, STEM students from Hughes High School in Cincinnati visited the UC Medical Center Department of Radiology. STEM students from Hughes High School have the opportunity to participate in various radiology specialties and beyond our walls, and are contributing throughout the education system and students in those areas, using hands-on approach to learning. The STEM Program students from Hughes High School were hosted by Radiology Technicians Jennifer Lemmon, Maggie Struth, and Emily Dougla. Dr. Dougla shared her experiences in the field of radiology and conducted a tour of X-ray, CT, and Nuclear Medicine areas so that the students can have the chance to actually experience the department. Some of the students were lucky enough to take a ride on the CT or X-ray bed, try on some heavy lead aprons, or have fun quiz, with UC Health land they have done. The day ended with a fun quiz, with UC Health land they have done. The day ended with a
