University of Cincinnati **College of Medicine Office of Research**

**News for the week of June 17, 2019**

---

**Requests for Letter of Support from the Dean.**

If you are in need of a letter of support from the Dean you are encouraged to review the following policy available on the intranet: [https://www.med.uc.edu/com-intranet/research2](https://www.med.uc.edu/com-intranet/research2). All requests must be submitted to the Sr. Associate Deans for Research 15 working days prior to the date of submission to the funding agency for consideration. Requests must include a draft of the letter of support that you would like to submit with your proposal along with the specified cover page and a budget.

**UC Health Office of Clinical Research Educational Opportunity.**

Join us June 20th from noon to 1 pm in room UC MSB 7151 for the Thursday Lunch & Learn titled “Beacon Builds Process” presented by Caron Sue, UC Health Pharmacy Administration. Epic Beacon is Epic Systems’ medical oncology module, in which physicians can document cancer staging and manage chemotherapy by creating and personalizing treatment plans based on standard oncology protocols. Contact [Emily.Werff@uchealth.com](mailto:Emily.Werff@uchealth.com) with questions.

**All of Us Journey.**

The All of Us Research Program is a large research program led by the National Institutes of Health. Its mission is to speed up health research and medical breakthroughs. To do this, All of Us is asking one million or more people to confidentially share their health information to build the largest health database of its kind.

Approved researchers can access this data to explore how factors like environment, lifestyle, and genes can impact health. This may help develop new medical treatments that are unique to individuals and enable a future of precision medicine for all of us. Visit the All of Us Journey on Friday, June 21st from 10–4:30 pm outside of Kresge Circle (231 Albert Sabin Way). 50 attendees will be given a $10 Starbucks gift.
