Contracts sent to Office of General Counsel.
Many researchers send research related legal documents, such as Data Use Agreements and/or equipment purchase agreements, directly to the Office of General Counsel (OGC) for review and approval, via ESM, the electronic contract management system. In order for OGC to identify and segregate those documents that are research related, the subject line of your ESM entry needs to begin with the words, “RESEARCH RELATED.” This will allow staff in OGC to more effectively triage requests related to research projects, which are typically time sensitive and unique to the world of research.

UC Health Office of Clinical Research: Greenphire.
Greenphire is our automated payment process for research participants. A complete form W-9 should be obtained from every patient who is registered in the Greenphire system, including patient signature. Please keep this form in your study records. At the end of the tax year, accounts payable will contact study teams to request W-9s for any patient who received payment equal or greater than $600.00. Please log into Greenphire once every two weeks to prevent your account from being locked.

2019 Graduate Student Expo Winners.
Each year the Graduate School hosts the Graduate Student Expo to showcase graduate student research, scholarship and creative works. Please congratulate College of Medicine 2019 Graduate Student Expo Winners:
• Creative Arts Gallery Winner- Smruti Deoghare, Biomedical Informatics
• Life Sciences & Medicine Poster Forum Winner- Erica Depasquale, Biomedical Informatics
• Three Minute Thesis Competition First Place- Demetria Fischesser, Molecular Genetics, Biochemistry, and Microbiology
• Three Minute Thesis Competition Second Place (Tie)- Kaitlin Hart, Pharmacology and Systems Physiology

What You Need To Know About Drug Development.
The Office of Innovation and College of Medicine are hosting a talk on "What You Need To Know About Drug Development" on March 13th from 12-1:30pm in MSB E255. Please RSVP at: https://www.surveymonkey.com/r/YV7CQHH
