# Himanshu Shekhar, Ph.D.

231 Albert Sabin Way, Cardiovascular Center, Room 3933, Cincinnati, OH 45267-0586 himanshu.shekhar@uc.edu | +1-585-281-2587 | http://med.uc.edu/ultrasound/people/shekhahu/

## **AREAS OF INTEREST**

Image-guided therapeutics, ultrasound-mediated drug-delivery and bioactive gas delivery, microbubble contrast agents, minimally invasive imaging, molecular imaging, biomedical devices

## **EDUCATION**

Institution	Degree	Date	Field of study
University of Rochester	Ph.D.	May 2014	Electrical Engineering
University of Rochester	M.S.	October 2010	Electrical Engineering
Manipal Institute of Technology	B.E.	June 2008	Electronics and Communication Engineering

## **EMPLOYMENT**

- *Postdoctoral Fellow*, Department of Internal Medicine, University of Cincinnati Mentor: Prof. Christy Holland (2014 – present). Research focused on ultrasound-enhanced thrombolysis and bioactive gas delivery for vascular applications.
- Graduate Research Assistant, Department of Electrical and Computer Engineering, University of Rochester
  Advisor: Prof. Marvin Doyley (2009 2014). Research focused on ultrasound contrast agents for subharmonic and ultraharmonic vascular imaging.
  Ph.D. thesis title: "Acoustic Characterization and Nonlinear Imaging of Ultrasound Contrast Agents for the Intravascular Assessment of Atherosclerosis".
  Available online at: http://hdl.handle.net/1802/28788
- *Research Intern*, Corporate Research and Technology, Hilti AG, Liechtenstein, (Jan June 2008). Undergraduate internship completed in the European electronics industry developed signal processing algorithms for automating a mechatronic system.
- Visiting Undergraduate Researcher, Indian Institute of Technology Bombay, India (2005 2007). Characterized the nonlinear optical properties of a novel material (Dept. of Physics, summer 2005), and worked on high-resolution retinal imaging with adaptive optics (Dept. of Biosciences and Biomedical Engineering), summer 2006, winter 2006, and summer 2007).

# **GRANT WRITING EXPERIENCE:**

- Howard Hughes Medical Institute Med-into-Grad Fellowship 2013 (funded)
- F.V Hunt Postdoctoral Fellowship of the Acoustical Society of America 2014 (funded)
- *American Heart Association Undergraduate Student Summer Fell*owship 2014 (funded; role: mentor to applicant Ivy Awuor)

- NIH Pathway to Independence Grant (unfunded, received an impact score of 43, Spring 2017)
- *American Heart Association Founder's Affiliate predoctoral fellowship* grant proposal (2013), Priority score: 1.59, Percentile within top 7.95%. Payline percentile 6.60%. Status: not funded.

## HONORS

## Fellowships and scholarships

- F.V. Hunt Postdoctoral Research Fellowship in Acoustics\* (2015 16) Recipient of postdoctoral fellowship instituted by the Acoustical Society of America for advancing research in acoustics. \*This fellowship is typically awarded only to one postdoctoral researcher annually. It included a 1-year stipend and travel support for research on ultrasound-enhanced treatment of vascular disease.
- *Howard Hughes Medical Institute Med-into-Grad Fellowship* (2013 14) This fellowship was focused towards training awardees for a career in cardiovascular research. It included a 1-year stipend and travel support along with courses in cardiovascular biology and a clinical observership.
- *SPIE Student Scholarship* (2012) Scholarship awarded by SPIE based on potential for long-range contribution to optics, photonics or related fields.
- Research Experience Award, Youth Scientist Encouragement Fellowship (2005 07) Recipient of research opportunity funded by the KVPY scheme of the Department of Science and Technology, Government of India, which is awarded to undergraduates based on their potential and commitment to research careers.

#### Presentation awards

- Second place: Best Oral Presentation, 6<sup>th</sup> Dutch Conference on Biomedical Engineering (2017, second author of paper, awarded to mentee: Kirby Lattwein).
- *Third place: Best Student Paper Award in Biomedical Acoustics*, 171<sup>st</sup> Meeting of the Acoustical Society of America, Salt Lake City (2016, second author of paper, awarded to mentee: Shenwen Huang).
- *Best Student Paper Award in Biomedical Acoustics*, 167<sup>th</sup> Meeting of the Acoustical Society of America, Providence (2014).
- Best Poster Award, University of Rochester Graduate Research Symposium (2013).
- Second place: Outstanding Speaker Competition, SPIE Student Summer Colloquium Series, University of Rochester (2013).
- Second place: Best Student Paper Award in Biomedical Acoustics, 161<sup>st</sup> Meeting of the Acoustical Society of America, Seattle (2011).
- *Best Student Paper Award: Advanced Electronics and Instrumentation*, Fourth National Control Instrumentation Systems Conference, Karnataka, India (2007).

## Travel awards and conference/workshop attendance scholarships

- Young Investigator Travel Award, Committee of Women in Acoustics, Acoustical Society of America, 2017.
- Early Career Travel Subsidy, Acoustical Society of America, 2017.
- Conference Travel Award, Graduate Student Association, 2011, 2012, 2013, 2014.
- Student Conference Travel Award, Dean of Graduate Studies, 2013, 2014.
- Student Conference Travel Subsidy, Acoustical Society of America 2012, 2013, 2014.
- Student Travel Grant, International Conference on Ultrasonic Biomedical Microscanning, 2012.

## **INTELLECTUAL PROPERTY**

C. K. Holland, **H. Shekhar**, and P. Arunkumar, Gas encapsulated acoustically responsive microbubbles and methods of treating cardiovascular disease. US Patent App. 15/788,224, 2018.

## INDUSTRY COLLABORATION AND CONSULTANCY

- Collaborated with Targeson Inc. (San Diego, CA, USA) on acoustic characterization of a commercial ultrasound contrast agent (2013 2014).
- Collaborated with EKOS<sup>®</sup> corporation (Bothell, WA, USA) on vascular drug delivery with echogenic liposomes and a catheter-based ultrasound device (2018).
- Consulted for Proctor & Gamble Corporation through the University of Cincinnati Research Institute (Time devoted: 34 hours, Nov. 2015 Feb. 2016). Characterized the size distribution and acoustic properties of absorbent hydrogel microparticles.

## **TEACHING AND MENTORING EXPERIENCE**

### **Guest lecturer**

- Biomedical Ultrasound (BME 451, spring 2014, University of Rochester) Topic: "Ultrasound contrast imaging". Instructor: Prof. Diane Dalecki
- Biomedical Ultrasound (BME 6010, spring 2015, University of Cincinnati) Topic: "Ultrasound wave propagation". Instructors: Profs. Christy Holland, Doug Mast and Kevin Haworth.
- Biomedical Engineering Survey, (BME 7001, fall 2015), University of Cincinnati Topic: "Enhancing ultrasound imaging with microbubbles". Instructor: Prof. Daria Narmoneva

**Graduate Tutor,** Mechanics (Spring 2009) and Calculus (Spring 2009), Center for Excellence in Teaching and Learning, University of Rochester. Tutored two students for 30 hours.

#### **Teaching Assistantship**

- Digital Image Processing (ECE 447 fall 2008), University of Rochester Instructor: Prof. Marvin Doyley Conducted recitations, prepared handouts, graded assignments, and held office hours for students. Delivered a substitute lecture on "Review of signal processing".
- *Circuits and Systems* (ECE 113 spring 2009), University of Rochester Instructor: Prof. Thomas Hsiang Graded assignments, and held office hours. Delivered three substitute lectures on a) Fourier analysis, b) Laplace Transforms, and c) Signals.
- *Communication Systems (ECE 242 spring 2011, and spring 2013),* University of Rochester Instructor: Prof. Marvin Doyley

Assisted in developing laboratory experiments, conducted laboratory sessions, recitations, graded assignments and held office hours. Delivered a substitute lecture on "Fundamentals of communication systems".

Secondary research mentor, graduate students: Jeffery Rowan (University of Rochester), Kirby Lattwein (Erasmus University), Shenwen Huang, Robert Kleven, Kunal Karani, Sehar Wani (University of Cincinnati), undergraduate students: Ivy Awuor (University of Rochester), Nathaniel Smith, Rosette Nkulu and Ahmed Lababidi (University of Cincinnati), pre-collegiate students: Joe Lou, Kyle Bannerman, Vaibhav Vagal (Country Day High School, Cincinnati).

**Participant**, "*Students meet Members for Lunch*", Participated as a mentor for program offered by the Acoustical Society of America in 2015 and 2016 (Organizer: Prof. David Blackstock).

# ADDITIONAL TRAINING AND CAREER DEVELOPMENT

- *"Planning your scientific journey"*, an 18-hour online certificate course offered by iBiology.org and supported by National Institute for General Medical Sciences grant #5R25GM116704 (2017).
- *"Writing in the sciences",* a 40-hour online certificate course taught on Coursera.org by Dr. Kristin Sainani, Associate Professor of Health Research and Policy, Stanford University (2017).
- Acoustical Society of America Early-Career Acousticians Retreat, Salt Lake City, UT (2016) Selected as one of the three participants from the field of Biomedical Acoustics participate in a twoday leadership and networking workshop for early career researchers in Acoustics.
- *Research in patient services*, Cincinnati Children's Hospital and Medical Center (2015) Completed course focused on improving research grant-writing skills for faculty and research staff.
- Young Investigator's Meeting, Chicago IL (2016) and

Young Investigator's Meeting, Cambridge, MA (2015)

Selected to attend networking and leadership training conferences for scientists of Indian origin.

- *Clinical observership in cardiology*, University of Rochester Medical Center (2014) Observed clinical procedures in Echocardiography, Cardiovascular Magnetic Resonance Imaging, and Vascular Surgery as a part of the HHMI Med-into-Grad fellowship (2014).
- *Acoustical Society of America School*, Providence, RI (2014) Received funds by the Acoustical Society of America for attending a 2-day school focused on research in diverse areas of acoustics.
- Future Faculty Initiative at University of Rochester (2011 13)
  Completed five half-day training modules focused on preparing graduate students for academic research careers. The modules included: "The Faculty Role", "Learner Centered Teaching", "Designing Courses and Assessing Learning", "Teaching with Technology", and "Tapping Diversity to Enrich Learning".
- *Workshop on preparing a competitive NIH proposal*, SPIE Medical Imaging (2013) Invited by Lee Rosen, Ph.D. National Institute of Health, to review sample R01/R21 grants for a workshop held at SPIE Medical Imaging Symposium, Orlando, FL (2013).
- *Leadership in Education* program at University of Rochester (2011 12)

Participated in weekly group discussions on teaching and pedagogical methods moderated by Prof. Andrew Berger that was held over two semesters.

- *Physical Acoustics Summer School*, Oxford, Mississippi, USA (2012) Received funds from the National Center for Physical Acoustics to attend a weeklong school focused on research in physical acoustics.
- Statistical Modeling for Data Analysis Workshop, Indian Institute of Technology Kharagpur, West • Bengal, India (2011)

Participated in a weeklong workshop on statistical modeling methods.

# SERVICE AND LEADERSHIP ROLES

- Referee for peer-reviewed journals\*:
  - Ultrasonics (2013 present),
  - Ultrasound in Medicine and Biology (2014 present), \_
  - Journal of Ultrasound in Medicine (2014 present), -
  - -Ultrasonic Imaging (2014 - present),
  - Expert Opinion on Drug Delivery (2016 present), -
  - Journal of Thrombosis and Thrombolysis (2017 present), -
  - Current Medical Imaging Reviews (2017 present), -
  - Biotechnology and Bioengineering (2017 present), -
  - Journal of Medical Imaging (2017 present), -
  - IEEE Transactions on Ultrasonics, Ferroelectrics and Frequency Control (2017 present), -
  - Journal of the Acoustical Society of America (2017 present). -
  - -Translational Stroke Research (2018 - present).

\* Verified record on publons.com: https://publons.com/author/1304755/himanshu-shekhar#profile

- Judge, Best Student Paper in Biomedical Acoustics Competitions, Acoustical Society of America • Meeting, Salt Lake City, UT, USA (2016) and at Acoustics 2017, Boston, MA, USA (2017).
- Invited Member, Biomedical Acoustics Technical Committee, Acoustical Society of America (Term: *November* 2016 – 2019)

This committee is responsible for arranging technical sessions on Biomedical Acoustics, and for promoting new developments in research and education.

Member, Ad hoc Committee ASA Foundation fundraising campaign, Acoustical Society of America • (2016 - present)

Serving on a 6-member committee chaired by the ASA president tasked to establish an Early Career Awards Fund (targeted goal: \$3,00,000, \$50,000 already raised to date) to support grants and fellowships for students, postdoctoral fellows, and young scientists.

- Member, Ad hoc Committee for Live-Streaming, Acoustical Society of America (2016 present) The Acoustical Society of America has initiated live streaming of research talks delivered at its biannual international conferences online to a worldwide audience starting 2016. I serve as a member of the *ad hoc* committee chaired by ASA vice president that spearheaded this initiative. Facilitated the compilation of videos on acoustics research for dissemination on the Youtube channel of Acoustical Society of America.
- Moderator, live-streaming of the following sessions at the Spring Meeting of the Acoustical Society of America meeting, at Salt Lake City, UT, (2016), Acoustics 2017 at Boston, MA, (2017), and Fall meeting at New Orleans, LA (2017):

- *Session # 3aBA*. Controlled Drug Delivery and Release with Focused Ultrasound (Cochairs: C. Arvanitas and A. Kilbanov)
- *Session # 3pBA*. Focused Ultrasound for Brain Treatments (Cochairs: Profs. N. McDannold and K. Hynynen)
- *Session # 3pBAa*. Advances in shock wave lithotripsy II (Cochairs: Profs. A. Maxwell, J. Simon and R. Cleveland)
- *Session* # 4*aBA*. Session in Honor of Edwin Carstensen I (Cochairs: Profs. D. Blackstock and G. ter Haar)
- *Session # 4aBAa*. Session in Honor of Edwin Carstensen II (Cochairs: Profs. D. Blackstock and G. ter Haar)
- Session # 4aBA. Ultrasound-Mediated Neuromodulation (Chair: Prof. P. Chitnis)
- Chairman, IAESTE India MIT, Manipal, KA, India (2007-08)
  Chaired the co-operating body of the International Association for the Exchange of Students for Technical Experience (IAESTE), the world's largest student exchange organization. Managed a budget of over \$50,000, exchange of over 140 students from 44 countries, liaised with academia and industry to generate internship offers, and lead the Indian delegation to the 60<sup>th</sup> IAESTE General Conference in Jordan (2008).
- *VISA Processing Head*, IAESTE India MIT (2006) Liaised with embassies and consulates for facilitating VISAs for over 50 foreign exchange students.

## **PROFESSIONAL MEMBERSHIPS**

- Acoustical Society of America (Member, 2016 present, Associate Member 2015 2016, Student Member, 2011 - 2014),
- International Society of Therapeutic Ultrasound (Member, 2018 present),
- IEEE (Student Member, 2009 2014)
