Course Waiver Form

- Each student is responsible for knowing the total credit hours required for their program.
- Course waivers do not change the total amount of credit hours required for a degree.
- Required courses must be waived for an equivalent or higher-level course in the same field of study.
- Courses should be replaced with alternative courses, **not with research credits**.
- Course credit hours for a replacement course must equal or exceed the number of course credit hours of the waived course.
- Only one course can be waived per replacement course.
